Day

Tour to Aswan's highlights with an authentic Nubian lunch

Your private adventure begins with a convenient morning pickup directly from your hotel lobby or Nile cruise ship in Aswan in a comfortable, private air-conditioned vehicle. Your first stop is the colossal Aswan High Dam, an impressive feat of modern engineering built between 1960 and 1970 to protect Egypt from the Nile's annual floods, which formed Lake Nasser—the world's largest artificial lake. Next, you will visit the nearby Unfinished Obelisk, a fascinating archaeological site that provides a rare look at how ancient stone cutters carved massive monuments directly from the solid pink granite quarries. From there, you will step aboard a traditional motorboat for a scenic ride across the water to the romantic island of Philae. Your local expert tour guide will lead you through the majestic Philae Temple, built in honor of the Goddess Isis, sharing the myths that have lured pilgrims to this island for thousands of years. Finally, your motorboat will carry you further along the river to a traditional Nubian Village. After taking in the sights of the vibrantly colored houses, spice shops, and riverside cafes, you will sit down to enjoy a delicious, authentic Nubian lunch packed with local flavors, before transferring smoothly back to your accommodation or ship.
